100 points - highly reflective / open to feedback:
Because I did all 3 questionnaires, wouldn't I compare the results from all 3 and see if there is a correlation? I want to do that, but I don't really know how.

I am also working on my methods section and I was wondering if you can explain to me what relevance is. How do I prove that the questionnaires I used were appropriate? I was also wondering if you can check out my method outline: -link removed for privacy-

88 points - aware of next steps / open to feedback: Here is the link to my lit review -link removed for privacy- If you can make comments on anything I will greatly appreciate it.

I also will have the outline for my method Friday and will have my first draft in the following week so I will keep you updated. Thank you for everything.

77 points - point-in-time process knowledge: This is just a quick update. Currently, we are working on outlining our methods section. By the end of next week, we will turn in our first draft. I will give you a copy of my draft once I have it done so that you can look it over. If there is any issues with that, please let me know. Thank you!

0 points or MSG - no update or update not connected to the project

INC - a placeholder for times when circumstances prevent updating such as your mentor isn't responding and we're reaching out to ISTI / you have a legit absence or extenuating circumstance / we've talked about it and I know what's going on
